

## Standard Features

[Exterior](#) | [Interior](#) | [Comfort & Convenience](#) | [Controls & Audio](#) | [Engine & Transmission](#)  
[Handling](#) | [Security](#) | [Safety](#) | [Durability](#)

### Exterior

#### Moldings

Body-color side

#### Rooftop Luggage Carrier

Adjustable

#### Windshield

Solar-treated, asymmetrical

#### Warning Flashers

Heavy-duty hazard

#### Wheels

17-inch cast aluminum

### Interior

#### Floor Mats

Front and rear, carpeted

#### Front Bucket Seats

Leather seating surface, contoured, 8-way power

#### Lumbar Adjustment

Driver and front passenger, four-way power

#### 60/40 Split-Bench Folding Rear Seat

With foldaway head restraints

#### Sun Visors

With illuminated vanity mirrors

### Comfort & Convenience

#### Power Outlets

Covered, 2 at bottom of front instrument panel; 1 in rear of center console

## Coat Hooks

---

\*Content in here

## Antenna

---

\*Content here

## Climate Control System

---

Individual climate settings for driver and front passenger

## Power Windows

---

Driver and front passenger express-down feature

## Rearview Mirrors

---

Inside electrochromic (light-sensitive auto dimming) with compass, outside foldaway, power, with defoggers.

## Storage

---

Glove box, front and rear cupholders (4) and rear cargo under-floor storage

## Tire-Changing Tool Kit

---

\*Content here

## Universal Garage Door Opener

---

Built-in unit will activate most brands of automatic garage door opening systems.

## Controls & Audio

---

### Backlit Switches

---

\*Content here

### Cruise Control

---

Maintains the car's speed at a specified setting. Resume feature returns the car to previous setting. Includes telltale in instrument panel cluster.

### Driver Information Center

---

Monitors up to 13 functions, including trip information, fluid levels, and personalization system, buttons located on steering wheel

### Radio Data System (RDS)

---

When tuned to a station equipped with RDS, radio provides a scrolling message that tells the type of station you're listening to and other messages such as upcoming programs – standard with the AM/FM stereo, CD/cassette players

### Reminder Chimes

---

For unfastened safety belt, headlamps on, key in ignition and turn signal on

## Remote Release for Hood

---

\*Content here

## Steering Wheel-Mounted Controls

---

For audio, temperature and Driver Information Center

## Stereo

---

AM/FM stereo with CD/cassette players and Radio Data System (RDS)

## TILT-Wheel Adjustable Steering Column

---

The steering wheel tilts up and out of the way for easy entry/exit. The tilt feature also allows the driver to position the wheel for optimal comfort and control. Includes brake/transmission shift interlock.

## Engine & Transmission

---

The 275 hp Vortec 4200 DOHC inline 6-cylinder engine combines the efficiency of a V6 with more standard power than all V8s in its class (EPA estimated fuel economy 16/22 city/hwy (2WD), 15/21 city/hwy (AWD). Excludes other GM vehicles.).

With a displacement of 4.2 liters, producing 275 horsepower and 275 lb-ft of torque at 3,600 RPM, and 90% of peak torque available between 1,600 and 5,600 rpm, you get deep reserves of power on call whenever you need it to pass and merge.

The all-aluminum engine design gives you such a smooth, quiet ride GM engineers had to fit it with an ignition interlock to prevent attempts to restart it.

And with the rising cost of fuel, you'll be happy to know the Bravada does all this while still running on regular unleaded fuel.

## Chassis

---

Fully boxed ladder frame

## Engine

---

Vortec 4200 DOHC inline 6-cylinder engine with variable exhaust valve timing

## Front Suspension

---

Independent with upper and lower control arms, coil springs, shock absorbers and stabilizer bar

## Seven-Wire Electrical Harness

---

Heavy-duty trailering equipment includes hitch platform, 7-wire harness plus CHMSL wire and heavy-duty flasher

## Steering

---

Power rack-and-pinion

## Tires

---

P255/60R17 Michelin M+S Cross Terrain all-season radial (AWD)

P245/65R17 Michelin M+S Cross Terrain all-season radial (2WD)

## Transmission

---

Electronic 4-speed automatic with overdrive, with console shifter

## 2WD

---

## Handling

---

### Rear Air Suspension

---

The 5-link rear suspension system eliminates the heavy, stiff leaf springs normally used on truck chassis. The result is a smoother, car-like ride that maintains more consistent contact with imperfect road surfaces.

### Front Suspension

---

The 2003 Bravada features a front suspension system that incorporates a coil-over-shock modular design and double-A arm configuration for exceptional damping and stability, and durable performance on a variety of road surfaces.

### Traction Control (2WD)

---

The 2-wheel-drive layout features a Traction Assist System with locking rear differential to help get you through slippery conditions. The system helps ensure the engine's power is never wasted in idle spinning of wheels. Wheel-speed sensors can detect rear-wheel slippage and automatically reduce engine power to help you retain control and directional stability.

## Security

---

### Keyless Entry

---

The remote-control keyless entry system activates the programmable power door locks, arms the standard theft-deterrent system and, in an emergency, a press of the panic button will sound the horn and flash the parking lamps.

The vehicle theft-deterrent system exterior lamps flash and horn sounds if unauthorized entry is attempted. The indicator lamp on instrument panel flashes when system is armed.

The PASSLock® vehicle security system prevents starting of vehicle without authorized ignition key.

## Safety

---

### Air Bags and Safety Belts

---

To help protect front-seat occupants, Bravada features dual-stage frontal and available side-impact air bags\*. Three-point safety belts are standard for all seating positions.

### Four Wheel Antilock Brakes

---

As an aid to safety, Bravada features a standard 4-wheel antilock braking system. Under maximum braking effort, the system modulates brake line pressure to help prevent wheel lockup, helping the driver to retain steering control and steer clear of an obstacle.

## OnStar

---

OnStar service provides you with personal assistance while traveling. The Safe and Sound plan\*\* provides you with the peace of mind knowing that the push of a button connects you to an OnStar Advisor who can help you 24 hours a day in the U.S. and Canada wherever a cellular connection can be made.

The available Directions & Connections plan provides directions, guidance and assistance no matter where you are or where you need to be. If you're looking to make the most of your drive time with a whole world of helpful concierge services, OnStar's available Luxury & Leisure plan is for you. It provides assistance with everything from ordering theater tickets to making restaurant reservations.

\*Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See your owner's manual for more safety information.

\*\*One year OnStar Safe and Sound contract is standard. Visit [www.onstar.com](http://www.onstar.com) or call 1-800-OnStar-7 for system limitations and details.

## Durability

---
