

CHRYSLER

2004
CHRYSLER
SEBRING SEDAN

Rarely is a car both spirited and obedient. Both distinctive and understated. Thoroughly responsive, yet spacious. But then, the Sebring Sedan is not your typical car.

See how Chrysler Sebring Sedan blends performance and personality.

FIVE STAR SAFETY ★★★★★

At Chrysler, safety is a priority designed into all of our vehicles. So it is particularly satisfying to see Sebring Sedan achieve a five star rating - the highest government frontal crash test rating for driver and front passenger.* The Sebring Sedan brings together style and safety so you can look great on the road, and feel safe while you're there. Whether it's the full range of active safety features, passive safety systems or the highest NHTSA frontal crash test rating, Sebring Sedan is designed to make you and the people you care about feel safe.

* Based on NHTSA's 2002 model year ratings.

AIR BAGS

Next Generation multistage air bags* for driver and front passenger inflate with a force appropriate to the severity of the impact. Available supplemental side curtain air bags* offer additional side-impact protection for both front and rear outboard occupants in the event of a collision (Available on all models as part of the Protection Group).

* Always use seatbelts. Remember, a backseat is the safest place for children 12 and under.

TRACTION CONTROL

Low-speed traction control uses the Antilock brake sensors to detect wheel slip, and applies brake pressure to help regain traction. It helps provide improved acceleration on slippery surfaces. Traction control is included with the optional antilock brakes on all models.

BRAKES

Front disc/rear drum brakes are standard on all Sebring Sedan models. The available four wheel disc brakes with ABS sense differences in wheel speed while braking in a turn, and balance the brake forces at each wheel to help keep the vehicle stable.

ENGINES

Sebring Sedan is powered by engines that give you performance you may not expect from a sedan.

- Touring and Limited's 2.7-liter engine pumps out 200 horsepower
- Sebring's 150-horsepower, 2.4-liter four-cylinder engine produces responsive acceleration and quiet operation.

7-year or 70,000-mile limited warranty* on the powertrain, the hardest working parts of our vehicles. And that's in addition to our 3-year or 36,000-mile basic limited warranty.

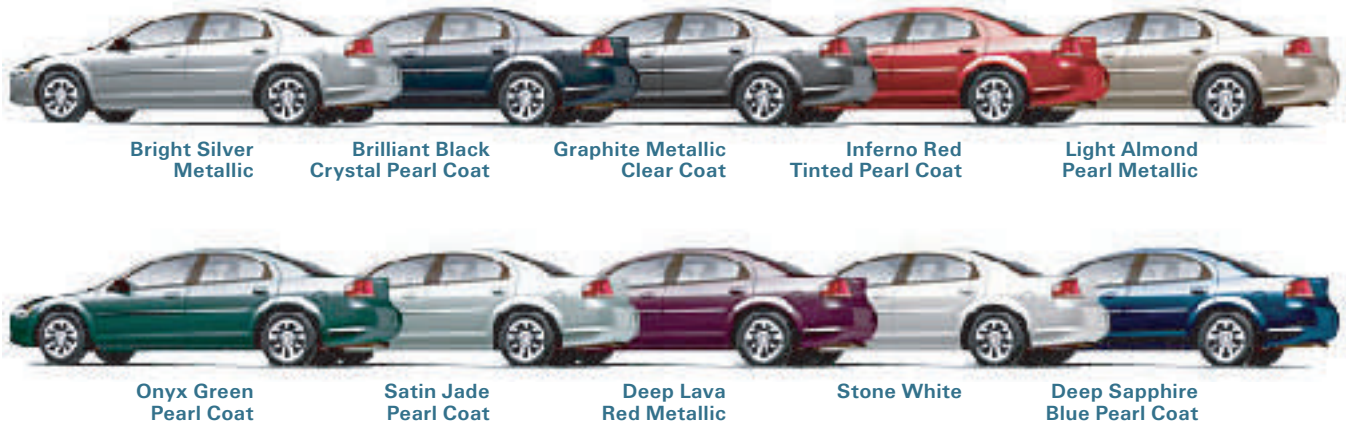

It even includes towing assistance† for the full 7/70. Another nice thing: since it's transferable, it can add extra value at trade-in time. A deductible applies to the 7-year or 70,000-mile powertrain limited warranty.

* See dealer for a copy of this limited warranty. Transferable to second owner with fee. A deductible applies.

† Administered by Cross Country Motor Club, Inc., Boston, MA 02155.

SEBRING SEDAN COLOR OPTIONS

AVAILABLE EXTERIOR COLORS

AVAILABLE SEAT COLORS

Two materials and three colors allow you to customize Sebring's interior to your taste. Standard on Limited: Royale Leather-Trimmed Seat with Preferred Suede® Accents. Shown in Dark Slate Gray (1), available in Taupe (2) and Deep Jade (3) Russell Cloth Seats with Solar accents are standard on Sebring and Sebring Touring. Shown in Taupe (5), available in Dark Slate Gray (4) and Deep Jade (6) Included on Platinum, Royale leather-trimmed seating available in Dark Slate and Light Taupe (not shown).

WHEEL OPTIONS

Two different wheels bring Sebring Sedan performance to the road.

1. 16-inch Bladerunner chrome-clad aluminum wheel (Standard on Limited)
2. 16-inch Radiation painted aluminum wheel (Standard on Sebring and Touring)

For more information, please visit www.chrysler.com/sebring_sedan

SEBRING SEDAN CONVENIENCES

INTERIOR STYLING

Choose between Russell cloth with Solar accents and Royale leather trim with Preferred Suede® accents and you'll love the good looks of your Sebring Sedan interior. Limited features standard leather-trimmed seating as well as:

- Leather-wrapped steering wheel
- Leather-wrapped shift knob
- Steering wheel-mounted audio controls
- Electroluminescent instrument panel gauges
- Woodgrain instrument panel accents

Unique graphite-patterned instrument panel accents are standard on Touring. Color-keyed instrument panel accents are standard on Sebring.

CARGO

94 cubic feet of interior space and seating for five let you share your Sebring Sedan (Sebring shown) with friends and family. And 16.0 cubic feet of cargo space means you can carry passengers and packages at the same time. 16.0 cubic feet of cargo space in a large trunk is plenty of cargo space. But, for those long or bulky items, Sebring Sedan's standard 60/40 split-folding seatback extends capacity to the back seat. Properly secure all cargo.

SOUND SYSTEMS

1. An AM/FM stereo radio with cassette, in-dash 6 CD changer (2.) and four speakers is available on Limited.
3. Optional on Sebring and Touring is an AM/FM stereo radio with a cassette and CD player, CD changer controls and four speakers.
4. An AM/FM stereo radio with CD player, CD changer controls and four speakers are standard on all models.

The Premium Gold sound system which includes a 120-watt amplifier with six speakers is included in the Luxury Group, available on Limited. Steering wheel-mounted audio controls are also standard on Limited.

CONVENIENCES

The available power moonroof creates an open-air feeling. The center armrest with covered storage will let you bring along all the things that will make your drive a little easier. Two cupholders in the front and two in the rear free up your hands for driving and help prevent spills.

LUXURY

An available Travel Convenience Group with an auto-dimming rear view mirror, illuminated visors, map lamp and trip computer is offered on Sebring and Touring models. Limited's available Luxury Group includes:

- Auto-dimming rearview mirror
- Heated front seats for driver and passenger
- HomeLink® Universal Transceiver
- Premium Gold sound system with 120-watt amplifier
- Security alarm with central locking feature
